1) App Frame & Sizing

Recommended window size: 900 x 560 px (16:10 feel).

Sidebar fixed width: 220 px. Content area: 680 px.

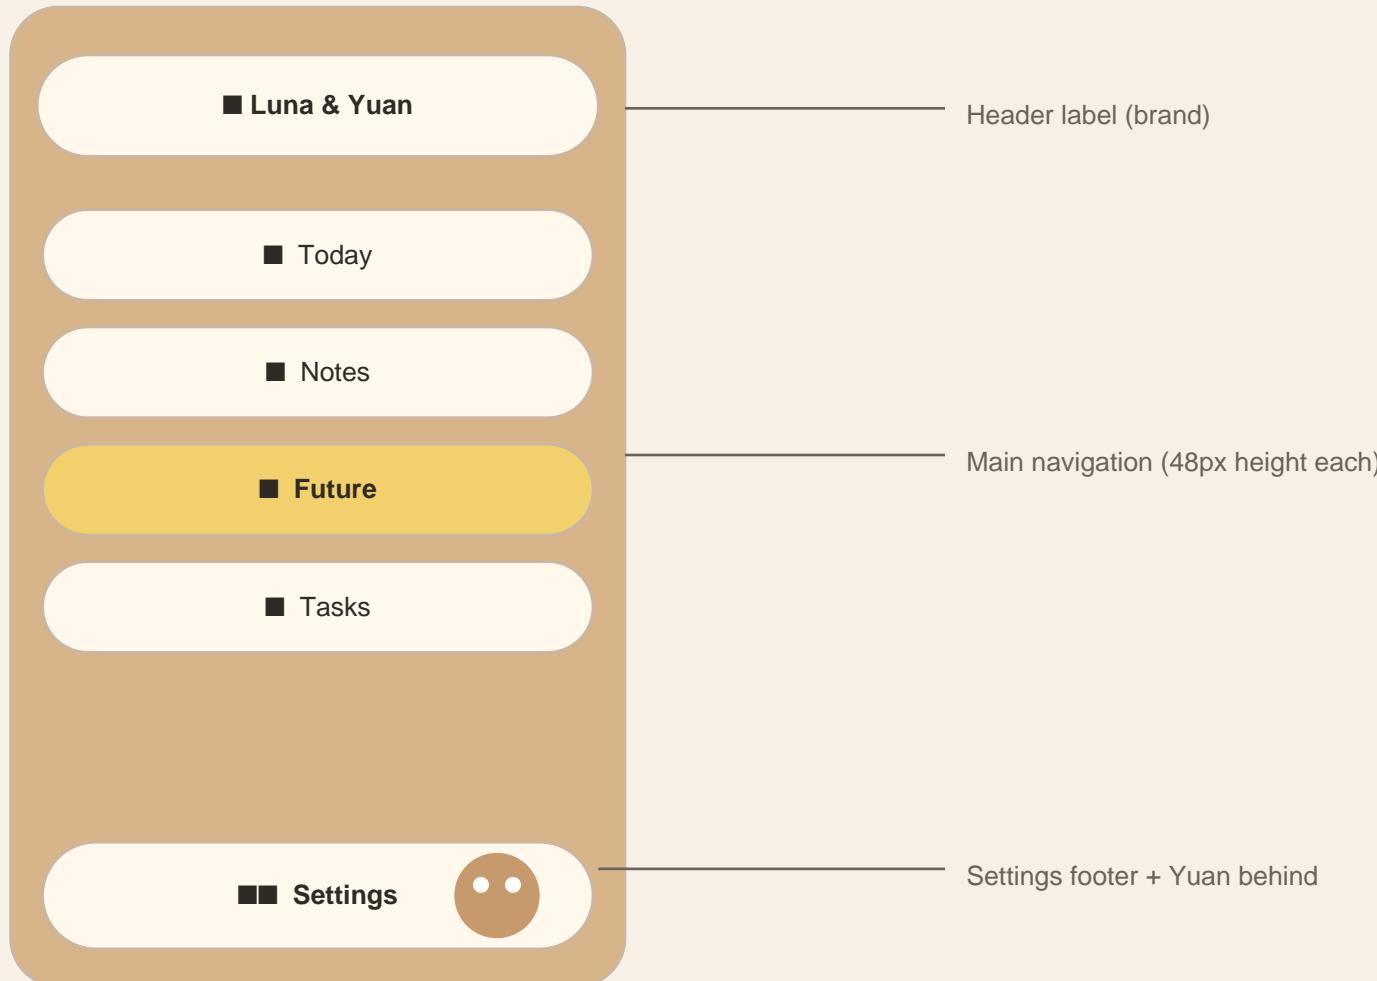

Corner radius: 16-20. Spacing: 24 px content padding, 12 px between items.

2) Sidebar (Fixed, Consistent)

Sidebar is the stability anchor: same size, same layout on every page.

Selected page uses a warm highlight card. Settings stays at the bottom with Yuan peeking behind it.

3) Components (Buttons, Tabs, Controls)

Buttons

Primary (warm highlight) Secondary (paper) Paw toggle button

Tabs (Future Week/Month)

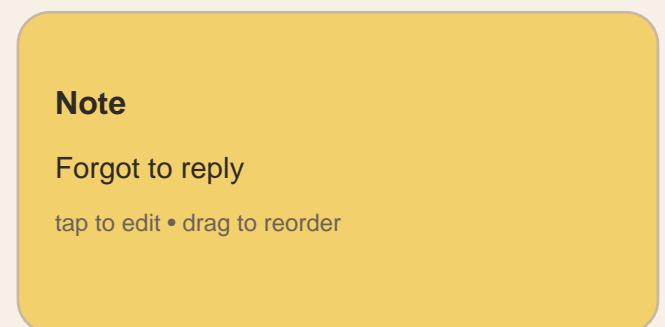

Selected tab uses warm fill. Optional paw button toggles Week/Month.
